Abj Køreskole ApS is the place if you want a driving license in category A, B or B / E, i.e. a driving license for motorcycle, car, car with large trailer and first aid course.

With us, you will meet an experienced driving instructor who will teach you good and safe driving habits from the beginning.

For a number of years I have helped many people on the right path, whether it has been in small or large vehicles.

I am therefore also ready to help you to pass a theory and driving test.
